

April 30, 2015

Dear Valued Partner:

Please accept this document as notification that effective July 31, 2015, Image Sensing Systems, Inc. (ISS) will no longer be offering the RTMS G4 for sale. The final shipments for this product will be September 30, 2015. ISS will honor our warranty obligations and also service and repair this equipment for as long as possible. We strive to provide hardware support for years following the end of sale announcements. Sustaining software releases will continue as necessary until further notice.

The RTMS G4 models were introduced to the traffic management industry in 2007 as the next generation of radar technology. The parts necessary to build the RTMS G4 sensor are now less available. As a result, ISS must discontinue these models of radar detection products. In planning for this event, ISS introduced the RTMS Sx-300 radar sensor in 2014, which provides a simple and easy transition plan. The Sx-300 offers the best lane detection capabilities available in the market, providing the ability to provide up to 12 lanes of simultaneous detection reporting and traffic data. To show our customers we are committed to providing quality products, the Sx-300 has an industry leading warranty of five years.

Please contact your regional distributor, or ISS customer support to assist with an upgrade and maintenance replacement plan to fulfill your future radar detection needs.

Affected Products or Service

| Product | Part Number | Replacement/Upgrade Suggestion |
|----------------|-------------|--|
| RTMS G4 – RDR | G4-RDR-KIT | RTMS Sx-300 Kit |
| RTMS G4 – TCP | G4-TCP-KIT | RTMS Sx-300 TCP Kit |
| RTMS G4 – SSP | G4-SSP-KIT | RTMS Sx-300 SSP Kit |
| RTMS G4 – DSS* | G4-DSS-KIT | RTMS Sx-300 Kit, or RTMS Sx-300 SSP Kit, or RTMS Sx-300 TCP Kit plus compatible cabinet DSS modem |
| RTMS G4 – CAM | G4-CAM-KIT | RTMS Sx-300 HDCAM Kit |

*North America only

Thank you for your continued business. We look forward to hearing from you on how we can assist you with your traffic management goals.

Sincerely,

Nathan Silver
